ABOUT US

Skyview Structures is a 100% privately owned company specializing in the supply, installation, refurbishment and repairs of galvanised steel water tanks and waterproofing (cementitious, bituminous, rubber seal and dam & reservoir linings.), interior and exterior painting and all types of industrial flooring: (epoxy, acrylic, laminate and vinyl) services on a contract or subcontract basis to its clients who range from individual property owners, body corporates and companies.

Registered in South Africa in 2018, Company Registration No: 2018/075661/07, Skyview Structures has successfully delivered projects on time, within budget and to the required quality and standard, while maintaining focus on continuous improvement from project to project.

Today Skyview Structures partners with an array of specialist artisans as well as reputable raw material manufacturers within construction industry. The company has well trained staff and strives to be abreast with current technological advancements.

OUR MISSION STATEMENT

To make inroads in the construction industry through quality, timely and efficient service delivery to our clients to the mutual benefit of all our stakeholders.

OUR VISION

To become the contractor or subcontractor of choice to our clients, a socially and environmentally aware corporate citizen and a company whose employees are proud to be a part of.

SOME OF OUR HAPPY CLIENTS & ASSOCIATES :

OUR COVERAGE

In addition to waterproofing, painting, and flooring excellence, Skyview Structures has wide ranging in-house business acumen and considerable local knowledge of the South African business environment. Key staff are fully qualified in their fields and registered with internationally respected organizations such as Project Management Institute, The Chartered Institute of Management Accountants, The Institute of Safety and Health and the International Institute of Management. We also ensure our employees are up to date with training needs and product improvements from our suppliers.

This combination of business and technical acumen, along with in depth local knowledge relieves our clients of costly and time-consuming activities, allowing them to effectively run a profitable enterprise comfortable in the knowledge that their service provider is reliable.

The directors of Skyview Structures (Pty) Ltd are well versed in this line of work and have been involved in waterproofing and epoxy flooring for over 20 years having previously subcontracted work from Murray & Roberts, Group Five and Stefanutti Stocks to name a few. They have been involved in regional projects with the epoxy flooring at Botswana International Airport being a highlight.
